National Libraries of the Future  
as it is?

# Local Content

AS IT IS

capture the local content in the most original form

Knowledge Bearers are  
out of the library  
stream

AS IT IS

libraries leave no one behind  
don't let the locals lose out

Keep the past in the future

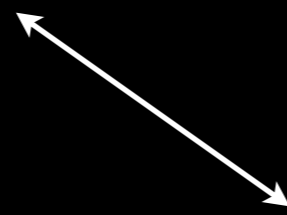

Deconstruct

public to identify what to preserve

Open for reinterpretation

Keep the past in the future

“unfix” the past

# Librarians Make Sense

not just leading people, not about  
multiple pathways

But the way to see  
to trust what you see

From Content to Communities

**Free Access**

Free Access

but who pays?

Aggregation of Demand???

Users?

# Free Access

political

The library as a FORCE to be reckoned with
