OUR MISSION

The National Library is a centre that holds the National Bibliographic Heritage of Spain and it aims to:

- Preserve, manage and disseminate the Spanish Bibliographic Heritage in any format
- Collect, catalogue and preserve the publications in any area
- Promote research, especially in the area of Humanities, by means of requests, study, book loan, etc.
- Elaborate and disseminate the information about the Spanish publications
- Carry out any library work, preservation, growth and dissemination of the National Bibliographic Heritage
- Develop research programs and cooperate with other libraries and other cultural and scientific institutions that can contribute to the best development of the aims of the National Library
- Create, coordinate and encourage research and development programs in the areas of its competency to satisfy the needs of the research community
- Contribute to the transformation of information into knowledge

SUMMARY OF THE YEAR

The National Library of Spain continues the work on library cooperation within other European projects as Europeana V1.0, EuroPressNet and IMPACT to improve access to digital objects and the ARROW project for the building of a rights information infrastructure in Europe that will also help to find ways to clarify the rights status of orphan and out of print works so they can be cleared for digitisation and inclusion in the Hispanic Digital Library. In 2010, the BNE continues involved in the VIAF project (The Virtual International Authority File) and the World Digital Library. The Library also has an active collaboration with ABINIA, Redial, SEDIC, FESABID, REBIUN, etc.

2010 has been a good year in terms of depository collection and collection building, with 861.145 entries by means of Legal Deposit. By other remaining procedures like purchase have entered 4.973 items (books and old documents, magazine titles and

databases) and by exchange 1.872 books and magazines have been received together with 5.280 items (books and other materials) by donation procedures.

The year 2010 has also been a good year in terms of library users; 127.358 library users and 4.996.767 remote users through the website of the National Library, using the catalogue, the El Buscón, The Digital Newspaper Library and the Hispanic Digital Library.

The most important goals achieved in 2010 were:

- Launch of Proyecto Quijote Interactivo with 20.700 visits the first day
- Organisation of LIBER's International Seminar on Architecture and Libraries
- Publication of the BNE's Incunabula catalogue
- 4.336.537 historical serial publications pages digitised
- Non-Latin alphabets cataloguing (Cyrillic, Chinese, Arabic)
- Multimedia resources cataloguing
- Creation of the online Master en Bibliotecas Patrimoniales, in collaboration with the Universidad Carlos III of Madrid
- Improvement of the robotic stack in Alcalá de Henarés, reducing loaning times

CATALOGUING

The Bibliographic Control Department develops the database that includes the cataloguing of all that it is published every year in Spain. Over the year 2010, over 108.135 bibliographic records and 33.817 authority records have been entered into the database.

The Processing Department collaborates with national and international working groups on standardisation (ISBD, MARC21), attends to specialised meetings at IFLA, ALA or MARBI and it is actively implied in RDA and VIAF.
